HI CHATTER

BY
Bill Dillinger
OUR CORRESPONDENT

The Cougar Track team — they just carry a ball and bat around for scenery—really cleaned up on what Jackson fondly hoped was their baseball team, piling up a score even the basketball team would be proud of—ECHS: 33 runs, 29 hits, 3 errors, and Jackson; 13 runs, and as for the rest, we won't even go into that. Coach Brown really has some fine marathon runners, judging from the way Boggs, Swesey, et al, burned up the base paths.

"Duel" Sport

Our softball players, too, excel in two sports; but their specialty is fighting, rather than track. The Junior-Senior game looked like Mike Jacobs' idea of a three ring circus, with bouts being staged all over the floor. Unfortunately, no one kept tab on the fights, so all we can say is that the main attraction, the heavy weight bout, featuring Flash Allen, at 195 lbs., and Arnold Wigglesworth, at, well, several pounds, anyway, was a draw, but boy, what a draw! Incidentally, for those who are interested, the score was three to three, and the whole school, from Mr. Larsen to the "Assistant assistant janitor," are arguing as to who won!

"If Elected"

"My Friends, when you go to the polls at the next election, vote for man of the people..." and so far thru the night. This, of course, is just a sample of what the ASB is in for Thursday afternoon, when 16 candidates and their managers will render their flowery orations. The candidates for the various offices are:

For President: Bob "Flash" Allen, Earl Killian, and Jim Holt.

For Vice President: Ken Collins, and Dick Cribbs.

For Secretary: Alberta Dugan, Barbara Hook, Betty Vivier.

Commissioner of Finance: Bill Ruple, Cliff Swesey.

Comm. of Publicity: Bill Dillinger, Edith Young, Eleanor Swift.

Comm. of Entertainment: Sidney Price, Edith Thompson, Beverly Tinker. The election is to be held next Monday, and already the race is so hot they're having to run ice water through the radiators to keep the school from burning up!

Baseball Dance

The Baseball Dance will be held on April 26, the night after Public Schools night, and it's a toss-up as to which one is causing the most hustle and bustle. Many of the teachers have turned their ordinary classes in academic courses into schools of advanced art, and the rooms are plastered from stem to stern—or will be—with their masterpieces, to catch the eye of the public. But if the rumor we hear is correct, the dance committee is going to hang Bob Barrett from the ceiling of the gym, as exhibit A on "How we won the Mother Lode title," so you see, April 25 and 26 are both going to be memorable occasions.

Junior Prom

The following committees have been named for the Junior Prom: Decorations: Edith Young, Eleanor Chaldei, Sidney Price, Evelyn Morey, Ruth Huff, Eileen Schaefer, Dick Roberts, Jack Ferrari, Clarence Becker, Leland Wigglesworth. Programs: Mary Edna Henderson, Gloria Butts, Earl Killian, Cliff Swesey. Prophecy: Bill Dillinger, Bob Weidman, Caroline Wallace, Kay Stevens, Wilma Schroth. Hosts-Hostesses: Maxine Miller, Evelyn Smith, Bill Ruple, Angus John Sloane.

President Bob Allen of the Junior Class predicts that this will positively be the best prom ever given at ECHS, and you've got to admit that the Juniors do everything in a big way.

"Leaded"

What two local boys are spending their spare time laying sewer pipe to replace the lead they "appropriated" to make a diving helmet? They were excavating around a supposedly vacant house, and when the tenants reported the loss, the local gendarmes gave the boys a free ride to the house, where they were released on their promise to replace the pipe. Start digging, boys, "Thars lead in them thar hills!"

Assembly

Four members of a deputation committee from UC gave a program on the highlights of a college education for the ASB on Monday afternoon.

Girls' League

Petitions are now out for the nominations for Girls' League officers, and the girls' main worry now is to get their dues paid up, for this time it's a case of "no payee, (Continued on Page Four)

Next Sunday's Games

Roseville W & R at Colfax.
Lincoln at Grass Valley.
Auburn at Roseville Merchants.
Folsom at Placerville.

When the Bartletts make their bow Sunday before the home town fans in their regular Placer-Nevada league game, they will take the field at Marcus P. Bennett, Jr., Memorial Park.

Bartlett officials pointed out on Friday morning that the game is to be at Bennett Park and not at the fair grounds.

Some baseball games have been played at the fair grounds this year because the diamond at Bennett Park was not available since an improvement project is under way. However, the work on the project is sufficiently well advanced to permit the first "at home" game of the Bartletts in the 1940 season, at Bennett Park.

County Engineer Don M. Hoffman reported Friday morning that the playing field is in fine shape, "probably better than it has ever been."

"The grand stands are in place and the game can be played. However," Hoffman added, "everything will not be in ship shape. We have had only sixteen working days in the last thirty-six and have not progressed as rapidly as we had expected we would on the project."

"The back stop is not completed. Some of it is in place but more is to be added, and there is some other work to be done. But the field is in fine shape."

The Bartletts make their bow before the home town fans with Folsom as the opposing club. Vincent Stanich, league president, who will attend the game, has named Ritchie and Neves as the umpires for the day.

Dr. R. G. Hosking, Bartlett president, is reported to be arranging some "festivities" which will take place before the game.

Stunts Feature 4-H Fun Night

All Clubs Of County
Share In Program At
Missouri Flat Hall

Tomorrow may be Saturday to you but to more than a hundred 4-H Club members of the county it's the day of their annual "Fun Night," to be held at the Missouri Flat Community Hall.

All clubs of the county will be represented in the program of "stunts" to be presented and community games and other activities will be directed by Woodbridge Metcalfe, extension service forester, and by K. W. McCoy, county school superintendent.

Later in the evening, when everybody is too tired to do anything else, refreshments will conclude the annual party.

Max Baers Store Has 2 Special Displays

If you haven't noticed the display window at Max Baer's store, you want to see it for it includes two special displays which constitute a "traveling exhibit" and will be in Placerville for a limited time.

The manufacturers of Arrow shirts and of Congo ties are responsible for the two displays which, following a limited showing in Placerville, will be taken down and moved to some other community.

Mr. and Mrs. Albert Simon were at Oakland on Thursday and in Mr. Simon's absence, Mrs. Esther Dugan was assisting Mrs. Lorene Roberts in The Quality Shop.

Mrs. Eugene Kincaid and little son, Gregory Eugene, are home from a Sacramento hospital and Gene is finding out how it feels to be second in importance in the family.

Planning Democratic Convention

With blueprints in their hands, Democratic party chiefs inspect the Chicago stadium where the Democratic presidential candidate will be nominated in July. Oliver Quayle, Jr. (left), national committee treasurer, and Charles Michelson (right), publicity director, are in charge of the arrangements.

NEW CLARKSVILLE HIGHWAY MAY BE COMPLETED IN AUGUST

Contractor Making Rapid Strides On Grading
And May Finish That Work By May 1st, Says
Article In Public Works Department Magazine

Grading on the new highway realignment through the Clarksville section may be completed May 1st, and the road may be opened for travel in August, according to an article concerning the project published in the April issue of California Highways, the official publication of the State Department of Public Works.

The article follows:

Work is now under way on another unit of the contemplated reconstruction of the Sacramento to Placerville section of Transcontinental route U. S. 50 and it is anticipated that traffic will be routed over the new work early this fall.

This is the second unit and is located in Sacramento and El Dorado counties, between 3 3/4 miles east of Folsom and 2 1/4 miles east of Clarksville. The first unit, extending from 1 1/4 miles west of El Dorado to Clarksville, was completed in 1938 and covered by articles in "California Highways and Public Works" in December, 1937, and July, 1938.

The existing road which will be superseded by present construction consists of a 12-foot x 4-inch portland cement concrete pavement, the Sacramento portion of which was built in 1915 and the El Dorado County portion in 1920.

In 1929, 3-foot - 4-inch oil-treated rock borders were added. There are many short radius horizontal curves, some with a radii as short as 100 feet, and many sharp curves with very limited sight distance.

The narrow width and poor alignment and grades make the present road entirely inadequate to meet the traffic requirements of the larger number of cars and the higher speeds which now prevail.

During the summer months the ordinary commercial and passenger traffic between Sacramento and Placerville is greatly augmented by an increasing amount of travel to the American River and Lake Tahoe recreational areas. Due to the increasing popularity of the snow sports during the past few years the winter traffic has also increased.

In order to meet more adequately the demands of this increased traffic traveling at higher speeds, the new road has been generally designed for a minimum passing sight distance of 1,600 feet and a minimum non-passing sight distance of 350 feet.

At one vertical curve, where it was impossible to obtain the desired sight distance, four traffic lanes were provided in order to maintain the same design standard as was used for the rest of the project. The minimum radius of curvature is 1500 feet except at the connections to the old road and the maximum grade rate is 7 per cent. The new alignment is much more direct than the old, resulting in a distance saving of about 1.9 miles. The total length of the new project is 5.84 miles.

The project is being surfaced with plant-mixed surfacing, 22 feet by

Rainbow Girls Will
Serve 14th Anniversary
Banquet For Chapter

The fourteenth anniversary dinner of El Dorado Chapter, Order of De Molay tonight at the Masonic temple will be served by a committee of members of Placerville Assembly, Order of the Rainbow for Girls.

The committee in charge announced at noon that it will not be necessary to have made reservations in advance to participate in the dinner.

Mrs. E. K. Fowler and her committee are in charge of the preparation of the dinner, which will be served at 6:30 o'clock. M. T. Kelly, Dad Advisor of the chapter, will be toastmaster and the principal talk will be by Father Rex A. Barron.

Following the dinner, there will be a meeting of the chapter in the lodge room at which the majority service degree will be conferred on several candidates.

Dancing will conclude the anniversary meeting.

PRESTON ESCAPE SUSPECTS SOUGHT AFTER GUN-FIGHT NEAR LOS GATOS

SAN JOSE, (UP)—Two youths, believed fugitives from Preston reformatory at Ione, fled into the hills near Los Gatos today after a gun battle with a Los Gatos policeman. Authorities were certain the youths were Francis McGowan, 19, of Santa Cruz, and Lauren Terry, 17, who escaped Tuesday from the reformatory.

Their trail led to Tuolumne, then to Marysville, south to Santa Cruz and finally to Los Gatos.

"BRITISHERS" NEED SUPPORT

French Forces Forge
Ahead, Threaten To
Gain New Leadership

GARDEN VALLEY—The "British Army" is in need of support if it is going to win from the "French Army" in the Placerville Lions Club attendance contest which closes next Tuesday night, it was announced Friday by Lion Secretary Arthur A. Mart.

"The French are leading by 49 of one point," declared the Lion secretary, "and the contest ends Tuesday night when the club holds its annual School Week meeting at the high school."

Mart explained that the "British" would be ahead in the race except for the fact that the "French" were awarded six points for winning in several special events at the club party which was held mid-way in the contest, and this makes the "French" ahead by less than half of one unit.

"We're going to have a great program at our meeting Tuesday night at the high school and it is up to the 'Britisheers' to turn out in full force to defeat this threat to their attendance leadership," Mart said.

"Of course, if the French want to turn out to protect their slight margin, that's their affair. I'm on the 'British' side."

The "British" in the attendance contest consist of those of the Lions whose last names start with the letters A to M in the alphabet. The "French" are the Ms to Zs.

COUNTY JAIL VACANT AGAIN AS SHERIFF GOES TO VALLEJO

The county jail was free of prisoners again for the second time this week on Friday morning when Sheriff George M. Smith went to Mare Island to deliver two men to the Marine Corps commandant at Mare Island.

The men, Robert Baxter, 22, and Mitchell McIntyre, 19, were taken into custody Wednesday by the sheriff and are alleged to have been absent without leave for sixty days from the Marine Corps station at Mare Island.

Sheriff Smith said that each of the men had served about a year of his enlistment. One of them was said formerly to have been stationed in this county in the CCC.

CRIPPLED DOE KILLED AND DELIVERED TO HOSPITAL

The inmates of the county hospital will, presumably, be having some venison stew from the carcass of a large doe, delivered there on Wednesday night.

D. W. LeBourveau reports that Wednesday night as he and Bob Bergantz were returning to Placerville from Kyburz, they came upon a doe on or near the highway, which had evidently been hit by a passing car and crippled.

The two killed the animal and brought the carcass to Placerville, delivering it to the hospital.

60,000 NAZIS IN NORWAY

Long And Costly Struggle
For Both Sides Looms
In Scandinavian Area

By JOE ALEX MORRIS
U. P. Foreign News Editor

Allied expeditionary forces challenged Germany's military grip on Norway today and were reported in action at four points along the rugged western coast of Scandinavia.

Reports indicated that the Allied forces had landed at five of six points on the Norwegian coast, including Tromsø, the vicinity of Narvik (which the Germans still hold), north of Bodø, south of Bodø and at Namsos, which is about 75 miles north of Trondheim.

With 60,000 Nazis in Norway and 2000 a day arriving by air the Germans appeared to have all of southern Norway in their hands. Norwegian resistance continued on a front between Hamar and Elverum, northeast of Oslo, and at scattered points south of Trondheim, but a United Press correspondent touring lines yesterday found the forces to be poorly organized, poorly supplied and unlikely to be able to oppose the powerfully-equipped Nazi land and air forces except in sporadic guerrilla warfare. Nor do the British and French expect them to hold for long at the southern points.

The Allied strategy appeared to be based, instead, on landing strong forces from Trondheim northward and on continual counterattacking on the main German bases in the south—Trondheim, Bergen and Stavanger—to hold up German reinforcements and prevent the Nazis from getting their air and U-boat fleets set for new North Sea attacks against their primary objective in this war—the British navy.

This struggle cannot be other than a long and costly one for both sides, barring a fundamental change in the present European war alignment.

Morris Home Is Scene Of Fire

Roof Burned Off Residence
In Blaze Friday Morning,
Blamed On Defective Wire

The residence of Mr. and Mrs. M. D. Morris, on Myrtle Avenue, was the scene of a fire Friday morning about nine o'clock which burned the roof off the home.

Many friends of Mr. and Mrs. Morris joined with firemen in removing the furnishings from the home and the firemen were able to confine the blaze chiefly to the roof.

There was, necessarily, some damage to the lower portion of the building but the furnishings, having been removed, escaped this.

It was reported that the fire appeared to have started in about the middle of the attic and was believed possibly to have been caused by defective wiring.

Mr. Morris was in the field in connection with his duties as Ranger in charge of Pacific District on Eldorado forest and an effort was being made to communicate with him Friday morning to inform him of his misfortune.

Church Womens Literary Group Met Wednesday

The Literary Group of the ladies of the L. D. S. church were entertained Wednesday night at the home of Mrs. Alley Cheney on Coloma Street. The entertainment consisted of a talk by Mrs. Goldie Baker of El Dorado, whose subject was "The Part Women Play in War." Following refreshments were served by the hostess and the remainder of the evening was spent in conversation.

Those present included: Mesdames Nellie Curtis, Dee Naukras, June Longhurst, Neph Anderson, H. Owens, Dorothy Fox, Iva Miller, Goldie Baker and Alley Cheney.

DRUE ... Drue Killian is now employed at Patricia Crosland's Beauty Studio. Drue is a local girl, the daughter of Mr. and Mrs. Marvin Killian, and has recently graduated from the Vallejo Beauty Academy completing a full course in cosmetology, hairdressing and designing and manicuring. Prior to attending the beauty school, Miss Killian attended the local high school, graduating with the class of 1938.

Homemaking A Big Job

Yes, Homemaking is a big job—and I personally feel that real homemakers should be classed among the great heroines of America—for after all, it is a job which demands not only real character and intelligence, but a smiling confidence that is worth while. When you look at it closely—your days are made up of many jobs and problems. With three meals a day, perhaps lunches to prepare, clothes to wash, ironing, spring housecleaning to do, making Mary a new dress or little Johnnie a suit, mending, darning and if the cake you are making will turn out a prime success.

Planning meals can be fun, if we use only a pinch of imagination and a dash of originality in doing it. In other words don't let your meals become monotonous, surprise your family by serving something different. Of course we cannot create new cuts of meat or new vegetables—but we can devise unusual ways of preparing and serving the old favorites. There are so many, many combinations, too. Perhaps a different trick of seasoning will give variety as well as interest that our spring appetites seem to demand. A friend of mine once said she could not get her family to eat squash, spinach or egg plant. I gave her the following new combinations and she tells me they made a tremendous hit.

Spinach Family Style

Carefully wash and pick three bunches of spinach and allow to stand in clear, cold water until ready to use. Melt three tablespoons butter in thick pan, add finely chopped shallot (or dry onion), a suggestion of crushed garlic and a little chopped parsley. Allow to simmer for a few minutes, then add

spinach with only the water remaining on the leaves. Add very little pepper and salt. Allow to cook under cover for about two minutes. Stir and allow to cook at least fifteen minutes. Serve with lemon juice and hard-boiled eggs. (Spinach prepared this way is better than yeast and grand for the complexion.)

Spanish Sauce

Chop fine one medium onion, saute in pure olive oil (3 tablespoons). Add one small can tomato puree (tomato paste or hot sauce), one teaspoon chili powder. Simmer for a few minutes.

Zucchini Omelette

1 clove garlic, ¼ cup olive oil, 3 pounds Italian squash. Chop garlic fine and saute in oil for a second. Add sliced squash and simmer very slowly until tender, constantly turning until slightly browned. Beat six eggs, salt and pepper to taste. Pour over squash and place in moderate oven for about 25 minutes, or until eggs are done. Sprinkle with Italian cheese. Serve as you would a pie. A tomato sauce is nice served over the omelet. This makes a delicious luncheon dish, served with hot toasted French bread.

Words are inadequate to express my appreciation to all you Homemakers who are daily sending in such grand recipes. I know how thrilled you all will be to receive one of these lovely booklets. But remember, unless you send in at least one recipe before the HOME-CRAFT INSTITUTE, May 22, 23, 24, you will not be eligible. Please bring them in to me at the Pioneer Grocery or mail to the Mountain Democrat. All recipes must be in by May 15. Thank you.

Some time ago I sent out an S. O. S. for a Tamale Pie recipe that was served at a "Pot Luck" Legion supper. Today I am giving you that recipe. Thank you Mrs. Alice Lyon.

TAMALE PIE

Mrs. Alice Lyon, Placerville

Porridge: 1 quart boiling water, 2 cups corn meal, 2 tablespoons lard

Cook the boiling water and cornmeal as for mush, stirring all the time. Make quite stiff. If too thick to handle add water or broth. Add well beaten eggs, and lard, stir well. Line bottom of baking dish with this porridge, add alternately the following sauce with the olives.

Remove all the fat from two pounds of veal, pork or chicken, cut in small pieces and cook until tender. When done put in hot frying pan with lard or drippings. Season with a little garlic and salt, fry until quite brown. Add more lard if necessary. When meat is brown add as much of the broth the meat was cooked in as you desire for sauce (I use all of it). Add two tablespoons chili powder, then thicken with flour. Stir well and let simmer. Add more broth if too thick.

AUNT ANNA'S CAKE

Mrs. Martha Fortune, 132 W. Rose St., Stockton, Calif.

½ cup sugar, ½ cup butter, 4 eggs, ½ lemon-juice and rind, Cream butter and sugar. Beat egg-yolks well, add to butter and sugar, add dry ingredients, milk, lemon juice and grated rind. Put cake batter in two layer cake pans. Beat egg-whites with 1 cup sugar, place on raw dough and sprinkle with broken nut meats. Bake in slow oven 30 minutes. Place one layer, meringue side, down on plate, in slow oven 30 minutes. Place other layer on with meringue side up.

How To Make Your House A Home

It is one thing to plan, build and furnish your dream house exactly as you wish. But it is quite a different and a much more difficult problem to take the house and furniture you have lived with for many years and turn it into what you want today.

If you have been growing dissatisfied with the appearance of your living room, if somehow it doesn't look quite right—why not give it two simple tests. First pretend you are a stranger using it for the first time and ask yourself, "How comfortable is it?" Often times the fault of a room is lack of comfort. Be sure that every chair has with-in easy reach some sort of table for ash trays, books, magazines and such. If there are tables, are they too high, too low or too small? And above all be sure that every chair for reading has good lighting close

by. Another noticeable fault is in furniture arrangement, if possible try to have two light occasional chairs that can be drawn up easily to form conversation groups when you are having a party.

For the second test, study each room in your home critically to see if it has kept up with the times, if it expresses 1940. Of course it is not always necessary to refurbish with each new style trend or to follow every new decorating fad, to keep one's home personable and charming. But one or two new things will revitalize one's home. Often times a new picture, a dash of color inside book shelves, or perhaps a new slip cover for a chair slightly worn will give warmth and feeling. So don't be afraid to be original and remember friends, that your home should express your own personality. The nearer it is like you, the less conscious your friends will be of whether or not your furnishings are "right in the pink" decoratively.

Recipe For Everlasting Happiness

Learn to forget disagreeable things; Keep your nerves well in hand; Don't expect too much of your friends; Make your work congenial; Retain your youthful illusions and do not believe all the world unkind and wicked; Sympathize with the sorrowful and help those who are in distress; Have a kind word and a smile for the discouraged; Do unto others as you would be done by.

The Silver Lining

"Just as Good" The grocer had just put a new boy to work and among the other instructions was this: "If you don't happen to have what a customer wants suggest something else as nearly like it as possible." Soon a lady came into the store and asked the boy, "Have you any fresh green stuff today?" "No, ma'am," answered the boy "but we have some nice bluing."

Savory Lima Beans

1½ cups lima beans, soaked overnight. Drain, add 1 sliced onion, cover with boiling water and cook slowly until tender. Drain. Add 1 cup diced celery, 2 tablespoons diced green pepper, 1 cup tomato soup, ¼ cup water, 2 tablespoons melted butter, one eighth teaspoon each salt, pepper and paprika. Pour in greased casserole, sprinkle with ¼ cup buttered bread crumbs. Place bacon strips over top. Bake in medium oven for about 30 minutes. This recipe serves 6.

Eggplant Souffle

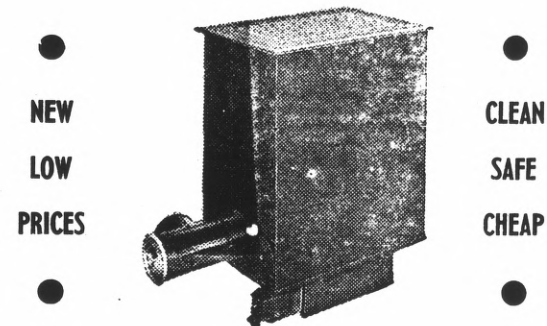

1 medium sized eggplant, 1 cup milk, 2 eggs beaten separately, salt and pepper to taste, 3 tablespoons melted butter. Peel eggplant, cut in slices and let stand in salted water 1 hour. Cook until tender and mash slightly. Add milk, beaten egg-yolk, salt, pepper and butter. Fold in stiffly beaten egg-whites. Put in a buttered baking dish and bake in medium oven about 25 minutes.

CRIMSON WARNING

A NEW SERIAL NOVEL BY RICHARD SALE

TWO LITTLE red dots, each about the size of a pin-point. That was the only mark upon the body of the victim. The cause of death was given as snake-bite. But analysis of the venom showed it to be that of a serpent never known outside the tropics—and this was a northern island off the coast of Maine. Strange, incredible, terrifying. But there it was—the sequel to the Crimson Warning!

Mystery is but one exciting element in this swift and brilliant story. Throughout the narrative runs a romance as unexpected—and disturbing—as the danger that hovers over it. It's only fair warning to tell you that to miss a single chapter of Crimson Warning is to miss the most exciting of all Richard Sale's exciting serials. Watch for the first chapter. It will appear

BIRTHSTONES

Diamond For Month Of April

Burger Knows Gems . . .

DIAMOND—April birthstone from "Adamas," meaning the invincible; hardest stone known, is pure in carbon, even ancients recognized its hardness for cutting other stones; usually found in imperfect octahedral shape, cleaves readily, has more brilliance than any other stone, cut with 58 facets—figured mathematically to bring out maximum of its extreme brilliance and rare "fire"—single high refraction easily identified; Diamond does not show in X-ray pictures.

SHINGLE SPRINGS

There were a great many old friends who attended the funeral of Myra Nightengale at Latrobe on Saturday. We of Shingle extend to her niece and nephews, her sister-in-law, Mrs. Lora Porter, who had been with her a great deal since she had been ill, our most sincere sympathy.

Mrs. Libbie Bauman has been spending a few days at the home of her brother, John Miller.

Mr. and Mrs. George Barton, of Wheatland, were callers at the J. L. Millers and attended Mrs. Myra Nightengale's funeral at Latrobe.

Mr. and Mrs. Frank Hunt made a short visit in Shingle on Monday. They report feed and the outlook for sheep and cattle men good up around Brownsville, and more mines opening up, also places of business.

Billie Harvey and his mother Mrs. Lulu J. Harvey, have moved to Grass Valley as Billie has been recently transferred by the Standard Oil Company to the office there.

All who attended the Latrobe dance last Saturday night report a good time.

Those who attended the Diamond Springs card party held in Placerville on Tuesday were Supervisor C. O. Heuser and wife, Mrs. J. L. Miller and Mrs. Sid Grey. There were many beautiful prizes and very nice lunch served.

GEORGETOWN

The electrical storm which visited this section Sunday evening was the most brilliant display of that nature we've seen in years. It seemed as though lightning came from the four corners of the earth at the same time. Forty hundreds of an inch of rain and hail fell.

Mrs. Nettie Leonard was over from Placerville Saturday to attend the meeting of the Native Daughters and also spent a short time

with her sister, Mrs. Victor Fornl. The Forest Hill baseball team played Georgetown here Sunday. Georgetown won 7 to 4.

Mrs. Annie Heindel and Mr. Kemp Van Ee, teachers of our school, were in Placerville Wednesday afternoon to attend a teachers' meeting.

Mr. and Mrs. Herman Youngson, of near Spanish Dry Diggins, were at the Garden Valley card party on Friday night.

Mrs. George Sanders, our census taker, and Mrs. Amy Drysdale were Roseville visitors Monday.

Bill Stagg, of Lotus, was in town Tuesday.

Dr. McKinnon and a public health nurse were over from Placerville Thursday of last week on public health matters.

Last week Don H. Cordano, of Oakland, celebrated his 20th year of service as a navy radio operator and the international safety record of more than a year of flying without a single fatality. He built and operated the first radio station for coast-to-coast air mail service and is operator of one of the new stream-lined teletype machines at Oakland airport.

"Each day we learn something new, and gradually we worked out the pattern for the weather reporting and dispatching system that played a big part in the air line's remarkable safety record," he reports. "In the old days, we operators collected the weather, too. We would call up a farmer up the canyon and ask him how far he could see. We used to get some weird answers." Despite the tragedies and trials they had some fun in the old days, too, Cordano recalled. Mr. Cordano is a cousin of the Francis family, and has spent his childhood here and in the higher mountains ever since he was a boy.

KELSEY NOTES

The funeral of Arthur W. Savercool, who died Monday evening, April 8, was held on Friday April 12 at the Kelsey chapel. Beautiful services were given by Rev. Olmstead of the Adventist Church. Funeral hymns were rendered by Mrs. P. F. Volz, of Placerville, accompanied by her sister, Mrs. N. C. Gross. The wreath of floral tributes were an evidence of the esteem in which Mr. Savercool was held and a testimony of sympathy for his well-loved wife. The pallbearers were his friends E. C. Healy, J. Lessley, William Kelley, Horace Wallace, S. Pinner and Charles Jones. His son, Harold Savercool, and wife, of Douglas, Arizona, his brother of North Sacramento, and several nieces and Mrs. Elam of Eureka, sister of Mrs. Savercool, attended the funeral.

Mr. Savercool was a native of Plumas county. He came to Kelsey to live on the James Kelly place at that time purchased by his brother, who moved to the George Reed property near Spanish Flat. About a year ago he moved to a beautiful spot almost opposite the Chapel. He was well-known to the entire district as attested by the large attendance at his funeral services. He had laid to rest by the side of his father, a Civil War veteran, who died five years ago. Mrs. Savercool and son have the sympathy of all their neighbors and sincere friends. Burial was conducted by Gus Orelli of Memory Chapel.

COLOMA

Mr. and Mrs. George Barr and their guest, E. T. Pope, of Campbell, made a pleasant trip to Grass Valley. Truckee and way points on Wednesday of last week.

Mr. and Mrs. Robert Goodwin of Vallejo are visiting their relatives, the Rohrer family.

GEORGE TAYLOR, of Placerville, who is a candidate for nomination at the August primaries to be State Senator.

GEORGE TAYLOR ANNOUNCES HIS PLATFORM IN SENATE RACE

George Taylor, proprietor of the Santa Rita Hotel, in Placerville, on Thursday issued the following statement in connection with his candidacy for election as State Senator from the Ninth Senatorial District, subject to the August primaries:

"If I am elected State Senator, I will urge that the state and municipalities gradually acquire all light and power utilities and that a law be enacted to prevent any private utility from using the rate payers' money for the purpose of maintaining legislative lobbies, subsidizing newspapers or in any manner employing propaganda to defeat public ownership aims.

"I would urge the legislature to memorialize congress to pass the Ludlow amendment, thus giving the people the right to vote on the question of war, except in case of invasion. Human life is more sacred than property rights and I am opposed to our boys being slaughtered in any foreign land.

"Unemployment is the rock upon which our economic ship will break unless it is stamped out. I therefore would urge that the state sponsor self-help projects on a large scale sufficiently large to give employment to all those now on relief. With their products exchanged among the various groups. This plan would enable its beneficiaries to enjoy a decent standard of living and would take a back breaking load off the taxpayer. Most blessed in natural richness of any land on this planet, only our stupid greed prevents our having security for the old, the young and the middle-aged.

"Raised on a farm in Amador County I became ranch hand, oil worker, saw service in France, became a labor leader, farmer, contractor, fraud investigator and for the last eight years have operated a hotel in Placerville and am engaged in the mine machinery business. Knowing the problems of the divergent interests in this district I will do my level best to represent the legitimate aims of all. However, I feel it will be my highest duty to lend voice and energy to a program that will rectify a condition that has given us mass hunger in the midst of plenty. The voters are entitled to know where a candidate stands and I shall be glad to appear before interested groups at any time.

"I decline to straddle issues or use evasive tactics and in that spirit I place my name before the voters."

GRANGE NOTES

HOME EC. MEET

CHRISTIAN SCIENCE SERVICE

First Church of Christ, Scientist, Placerville, Bedford Avenue at Union Street.

Services, 11 a. m. Sunday School 9:30 a. m. Wednesday evening. Testimonial Meeting 8 p. m.

The reading room at the church building is open Tuesday and Friday from 2 o'clock until 4 o'clock.

"The Lord is our judge, the Lord is our lawgiver, the Lord is our king; he will save us." These words from Isaiah comprised the Golden Text used Sunday, April 4, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon was "Are Sin, Disease, and Death Real?" Including among the Scriptural selections was: "Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him. Let no man say when he is tempted, I am tempted of God: for God cannot be tempted with evil, neither tempteth he any man:" (James 1: 12, 13).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was also included: "The Christian Scientist has enlisted to lessen evil, disease, and death; and he will overcome them by understanding their nothingness and the allness of God, or good. Sickness to him is not less a temptation than is sin, and he heals them both by understanding God's power over them" (p. 450).

May I be so bold as to "awak" why Angus John Sloane and a few of his cronies arrived at school in the taxi one noon not so long ago? Many a girl's heart went pit-i-pat on Wednesday when the Seniors dressed up in their Sunday-go-to-meeting clothes to get their pictures taken.

The Chess tournament is at last under way, and the first matches were played Wednesday afternoon, but as yet the results have not been

tabulated, for the score keeper, in true chess style, must concentrate for several hours before making a move, he says.

Sandwich boards, carrying the Latin inscription, "Vestem scholasticam gero"—and two with the additional inscription, "vote for Dillinger"—placed there by what foul fiend of an initiator?—are all that remain of Tuesday night's Honor Society Initiation, and even these will be shed on Thursday morning, when their weavers become full fledged members.

Sports Parade

By HENRY McLEMORE

NEW YORK. (UP)—If you are a sportswriter and want to find out whether anyone is reading your stuff or not, just do what I did yesterday.

Suddenly becoming international-minded I took the stand, for 500 words or more, that in the light of what was happening abroad Bob Feller's no-hit no-run performance against the Chicago White Sox was comparatively unimportant.

Now, scarcely twenty-four hours later I would like to list a few of the messages I have received by telephone, wire, and mail. I didn't know that I had as many readers as there were people who sent me scathing messages of one type or another, and I certainly didn't know that a no-hit game was so dear to the hearts of Americans.

"Go jump in the Skagerrak, you dope," wired an admirer from Chicago.

"You made no hit with me with your story about the no-hitter, you Norwegian," was another bit of fulsome praise from a chum.

These are just two printable samples, but the whole reaction toward my saying baseball at the moment didn't seem quite as important as world chaos, made me stop and do a thing that I hate to do—think.

Perhaps one of the reasons for us not being part of the chaos is that we are a nation of people to whom baseball, horse racing, golf and all the other sports are important.

Maybe there is a lesson to be learned from America's tremendous interest in sport. No country is so sports-minded as this one. America spends more money on sports, and has more participants and spectators than any other nation. And we certainly are the most peaceful of all the great powers. Perhaps there is something in being able to let off our steam and competitive energy in sports competitions. It may serve as a safety valve that is much more important than we realize. Certainly it is an amazing thing when people feel deeply enough about a sports achievement to grow indignant at any belittling of it, even at a time like this.

do—think. Perhaps one of the reasons for us not being part of the chaos is that we are a nation of people to whom baseball, horse racing, golf and all the other sports are important.

Maybe there is a lesson to be learned from America's tremendous interest in sport. No country is so sports-minded as this one. America spends more money on sports, and has more participants and spectators than any other nation. And we certainly are the most peaceful of all the great powers. Perhaps there is something in being able to let off our steam and competitive energy in sports competitions. It may serve as a safety valve that is much more important than we realize. Certainly it is an amazing thing when people feel deeply enough about a sports achievement to grow indignant at any belittling of it, even at a time like this.

Now, scarcely twenty-four hours later I would like to list a few of the messages I have received by telephone, wire, and mail. I didn't know that I had as many readers as there were people who sent me scathing messages of one type or another, and I certainly didn't know that a no-hit game was so dear to the hearts of Americans.

"Go jump in the Skagerrak, you dope," wired an admirer from Chicago.

"You made no hit with me with your story about the no-hitter, you Norwegian," was another bit of fulsome praise from a chum.

These are just two printable samples, but the whole reaction toward my saying baseball at the moment didn't seem quite as important as world chaos, made me stop and do a thing that I hate to do—think.
